

Gaston Community Action, Inc.

MICHAEL LANE
Board President

JOSEPH W. DIXON
Executive Director

March 27, 2020

Dear Gaston Community Action Head Start Families:

Due to the recent executive order announced by Governor Roy Cooper, Gaston Community Action Head Start centers will remain temporarily closed until further notice. We will remain vigilant to heed advice from our community leaders regarding the COVID-19 outbreak, and ready to adjust our precautions when appropriate.

Our goal is to do our part to keep all children, families, and staff as safe as possible at all times, and especially during this period of international health crisis. We are sensitive to the impact that this interruption has had on children and families. Although we will be closed temporarily, employees are working remotely to support you.

The decision to temporarily close our centers was difficult; however, we know it is necessary. The safety of our families, children, and employees is of utmost importance. Therefore, we will continue to monitor all events closely and notify you with periodic updates.

Thank you for your support to help keep our community safe and enable us to be prepared to resume this important work very soon!

Sincerely,

Carol Kilgo
Head Start Director
