Catching the Dreams of Tomorrow, Preparing Young Women for the 21st Century

Dr. Betty Shabazz Delta Academy provides an opportunity to enrich and enhance the education that our young teens receive in public schools across the nation. Specifically, we augment their scholarship in math, science, technology, and more! We provide opportunities to provide service in the form of leadership through service learning defined as the cultivation and maintenance of relationships. A primary goal of the program is to prepare young girls for full participation as leaders in the 21st Century.
