BCPS Vision: Baltimore County Public Schools will be among the highest performing school systems in the nation as a result of raising the bar, closing gaps, and preparing every student for the future.

School Mission: We believe that all children can learn and are entitled to a quality instructional program that is customized to each student's strengths and needs, and results in equitable outcomes ensuring college and career readiness. We believe in creating a strong and collaborative partnership between family, school, and community in an environment which is safe and nurturing. We must educate the whole child and envision a school community where each student has a positive sense of self, respect for others, and sense of belonging. We hold high expectations, which encourages each student to believe they can achieve, thrive, and positively impact the world around them.
