

The middle school years are filled with change. Middle schoolers are changing physically, mentally, and emotionally, which sometimes impacts their academic growth. Join us for our Teenage Brain workshop to discuss the transitions affecting your adolescent child.

Virtual Event
November 15, 2022
6:00 PM

Not just for middle school families! Join us no matter the age of your child. This presentation offers valuable insight to support your now or in the future! Free to all BCPS families.
