Dear Student Athletes and Parents,

Chesapeake High School Athletics Program has some exciting news to share for the start of the 2020 school year. We will have the opportunity to provide student athletes with the time to build relationships with coaches and fellow teammates virtually for the first semester of the school year. Now that the MPSSAA has announced that the Fall and Winter seasons have been postponed the BCPS Office of Athletics has submitted a two semester Return of Athletics Plan which aligns with the guidance submitted by the MPSSAA.

During the first semester, there will be 100% Virtual Coaching. The semester will be divided into each of the three athletic seasons allowing coaches to engage with their student athletes virtually. This allows student athletes the opportunity to participate in one or all seasons without having to choose.

Our expectations are for coaches to engage in all the areas of focus for approximately three to four hours each week. During that time, they should be:

1. Tracking social emotional needs of student athletes through virtual platforms.
2. Monitoring and providing academic supports through progress sheets and connecting with student teachers if needed.
3. Providing conditioning programs that are body weight based that can be done from home.
4. Assisting with the College Recruiting process when necessary.

In addition, the Office of Athletics will be providing four virtual workshop opportunities for high school student athletes through our partnership with PCA Positive Coaching Alliance. These opportunities will take place once a month from September – December and will be provided to the student at no cost. Details regarding these workshop opportunities (i.e. Topics and Dates) will be given soon. This activity will provide opportunities for student athletes to reconnect virtually with their peers, personal growth, and a platform to discuss issues that are directly related to being a student athlete.
Participation Requirements:

We will continue with our normal procedure of collecting athletic permit and parent permission slips. Physicals and other necessary paperwork are required to confirm student health, safety and participation.

1. Students must get a **new physical** from primary care doctor, Express Care, Patients First, CVS etc. Wellness physicals will not be offered at this time due to school buildings being closed.
   **Physical forms:**
