6th Grade World Music (General Music)

Summary: 6th grade world music is a yearlong A/B course that meets during the regular school day. Students do not miss any other classes for this. Students will investigate how music relates to culture and is culture of other world regions. Students will also have short units on different classroom instruments.

Key Topics: Regions such as Australia and the Middle East will start the year. Instruments like recorder, keyboards, and handbells will also be explored during the year.

Expectations: Students are expected to participate in class and keep a section in their binder. They will also need their planners and a pencil for every class. Instruments will be kept in the classroom. Homework is assigned infrequently as most work will be complete during the class period.
