Dear Parent/Guardian of 2022 Graduate,

It is hard to believe that the time is getting closer for your Senior to leave Lansdowne High School and move onto the next chapter of their life. It has been a pleasure getting to know our seniors, watching them excel in the classroom and on the field, and hearing them talk about their future goals. The second semester is a very exciting, but important, time for our young people. It is not the time to catch “senioritis” as this is when the hard work starts to pay off – college acceptances and financial aid packages are arriving in the mail, decisions about careers are being made and planning for senior celebrations are taking place.

Maintaining our focus on ensuring our seniors are on the path towards graduation is our number one priority. Our Senior Support Team made up of our counselors, two Assistant Principals, our Service Learning coordinator and other support staff are working hard to keep students focused on the prize – GRADUATION! The work is centered on three things: graduation requirements, attendance, and behavior. Therefore, students who are not in good standing at the end of the third marking period may be placed on social probation (meaning they are ineligible to participate in senior activities such as prom). Students who are locally suspended after the date of this letter will be on social probation and as long as there are no further disciplinary concerns, may appeal to their assistant principal to attend prom.

In order to be in “good standing”, students must:

- Be on track to pass all graduation courses, pass all semester graduation courses and/or be making sufficient progress in their EDLP or SPARC course to be completed by May 19th
- Have all 75 Service Learning Hours complete AND paperwork submitted to Ms. Cabaniss
- No suspensions effective February 15th through the end of the school year

Students who are not meeting with success at the end of the third marking period will meet with their administrator and/or counselor to develop a plan of support for the 4th marking period.

Our goal is for each and every one of the members of the Class of 2022 to enjoy these last months of high school knowing that when they leave our doors, there is a world of endless opportunities available to them. Our commitment to the focus on supporting students meet graduation requirements, encouraging them to continue to attend school, and reinforcing the need for good decision-making is how we plan on supporting our students for the remainder of the year.

With gratitude,

Allison Seymour
Principal
