

August 10, 2022

Dear Parkville Middle School and Center of Technology Community,

It is with great honor and enthusiasm that I join Parkville Middle School and Center of Technology as your new principal. I am humbled to be given this opportunity to lead a school community with such a rich history of excellence.

I have over 25 years of educational experience as a teacher and an administrator. Reviewing the mission and vision of Parkville, I understand that Parkville fosters a safe, equitable learning environment by building positive relationships, providing rigorous instruction, holding high expectations for all students, encouraging collaboration and critical thinking, and focusing on meeting individual student needs. As an instructional leader, I believe in the power of a strong school community where everyone works together for student success. I am committed to nurturing a positive learning environment of highly qualified educators to improve the instruction, academic performance, and outcomes of students by actively engaging and equipping them with the skills to become lifelong learners who are college and career ready. As I reflect on these ideals, I see tremendous similarities and alignment of beliefs and practices.

During the course of the school year, I look forward to meeting and partnering with you as we focus on providing the best education possible for our students. Together, we will ensure that our SQUIRES continue to SHINE as high school, college, and career ready students prepared to become independent globally competitive citizens. Please look for communication in the near future on how we will begin these collaborative and engaging conversations. I am excited about growing with you and building a positive school community for the students, staff, parents, and community here at Parkville Middle School and Center of Technology. It is my pleasure to meet and serve you!

Sincerely,

*Micah Wiggins*
