What is AVID?
AVID, Advancement Via Individual Determination, helps schools and teachers make learning more meaningful and engaging. Research tells us that the most powerful influence on academic achievement is a caring teacher. When students care and connect to both their learning and their teacher, they will succeed!

“AVID made me push myself and challenged me to take rigorous courses. It gave me the perspective that anyone can go to college if you work for it and have a willingness to learn more and go beyond.”
