### Section 1: Initial Steps

**School Climate Team**

Identify members of a School Climate Team (consider a representative selection of members). The team meets initially to examine equity concerns and data and to develop the Schoolwide Positive Behavior Plan. The team should then meet monthly (minimum quarterly) to assess the effectiveness of the SWPB on an ongoing basis.

V. Melanie Kearns, Erik Evanosky, Claudette Davis, Karen Ballard, Dylan Charrin, Erica Miller, Sherry Schwarz

**Equity Lens**

Through an equity lens, identify what the data indicate about the social-emotional needs of students and the support provided by staff members relative to disproportionality between student groups, especially for African Americans or students receiving special education. Also consider the school’s population with regard to ELL, Latinx, and/or other student groups.

(Information may be from School Data Story)

- White/Caucasian=43%
- Hispanic=33%
- Black/AA=14%
- MU=5%
- Other=<1%

### Section 2: Developing and Teaching Expectations
**Expectations Defined**

*Identify a School Code of Conduct with 3-5 positively stated school expectations. Develop a way to communicate the identified rules, based on the schoolwide expectations, for specific settings within the school building. Expectations should be clearly stated, communicated, taught, and frequently referenced.*

**Code of Conduct:** Success is Obtained through Achievement Respect and Responsibility

SOAR Tickets are rewarded to students who show respect or responsibility. Signs are posted throughout the school and in each classroom for students and teachers to understand how to show respect and responsibility within those spaces.

**Classroom Plan for Teaching and Reinforcing Expectations, Routines, and Procedures**

*Teachers develop visuals to communicate culturally relevant classroom expectations, routines, and procedures based upon the schoolwide expectations. Educators explicitly teach expectations, routines, and procedures. The school staff recognize and reinforce expected and positive behavior. Teachers identify encouraging procedures and corrective procedures for their classrooms.*

**Family/Community Engagement**

*Identify how the Schoolwide Positive Behavior Plan, the schoolwide expectations, and/or interventions will be communicated and shared with families. Consider how to include family and student voice in the initial plan and in evaluating the plan throughout the year.*

**Section 3: Developing Interventions and Supporting Students**

**Resource Mapping of MTSS**

*Identify the evidence-based practices and interventions offered at Tier 1, Tier 2, and Tier 3 to support all students. Consider what culturally responsive interventions the school requires to meet the specific needs of the students.*

**Social-Emotional Learning**
Identify the specific evidence-based social-emotional learning skill development practices the school will implement during the school year. Consider the importance of trauma-informed care, mental health awareness, level of students’ coping skills, etc. Determine how the social-emotional learning and the SEL competencies will be integrated into the school’s programming. Consider the need for any training the staff members may require.

**Professional Development for Staff**

Identify the professional development that will be offered to staff members throughout the year in order to support their knowledge, skill development, and implementation of the interventions selected, the character education learning, and social-emotional learning practices. Specify the schedule for professional development and how to obtain teacher feedback during the year to address their concerns and areas in which they want/need more information. (Information from School Progress Plan.)

**Section 4: Supporting and Responding to Student Behavior**

**Recognitions/Incentives**

Identify a variety of positive consequences, acknowledgements, recognitions, and/or incentives that are linked to the behavioral expectations and rules. Develop a system for implementing the positive acknowledgements consistently in school settings. Consider how to monitor who is being recognized and who is not being recognized and whether explicit or implicit biases may be occurring.
