

Annual Notification Letter

TO: Presidents of each Employee Association
Presidents of each Parental Group
Facility Users and Applicants
Contractors of Record

FROM: Jesse Fry

DATE: January 2023

RE: Annual Re-Notification required by AHERA

The Asbestos Hazard Emergency Response Act (AHERA) 40 CFR 763 requires all schools from pre-K to Grade 12 to conduct inspections to determine if they contain asbestos containing building materials (ACBM). If they do, the ACBM must be categorized according to the type of material, its locations, current damage, and its potential for future damage and a detailed Asbestos Management Plan must be developed. The Management Plan details the inspection findings, and outlines the response actions the School Board intends to implement.

To accomplish these goals, the School has on file a NJ State Department of Health approved Asbestos Management Plan for all school facilities. The provisions of the plan are being implemented in a timely and on-going fashion. It is your Board's desire to provide a safe and healthy facility for all students, employees and visitors.

The purpose of this memorandum is to satisfy the requirements of AHERA for written notice of the availability of the Management Plan for review. Should you desire, please contact Jesse Fry at 908-782-6464 x231 for further details.

Since the last written notice, we have completed the following activities:

Date	Scope of Project
March 2022	Periodic Surveillance
September 2022	Periodic Surveillance
