

# GOT KIDS? START TALKING!

It is a surprise to many parents that they are the **most** powerful influence in a child's life — greater than peers, popular music, television, celebrities and the media... [www.timetotalk.org](http://www.timetotalk.org)

*Visit these websites for tips and topics when talking to your children.*

Another great place for information is the resource center at the Center for Prevention and Counseling. It is full of brochures, videos, books and more regarding substance abuse, addiction, prevention and many other related topics. CFPC Staff can assist you with talking to your children, grandchildren, nieces, nephews and the other children in your life!

**IF THEY DON'T LEARN IT  
FROM YOU, WHO WILL  
THEY LEARN IT FROM?**
