

Dear Parents,

Due to the high number of broken and lost Chromebook equipment at Victory ES, new charges will be implemented to offset the cost of repairs or replacement. Normal warranty issues with Chromebooks will be covered, but the following charges will be added before a replacement Chromebook or a charger is given to the student:

Chromebooks

\$100: Broken display, missing keyboard buttons, cracked cases, liquid spills

Chromebook Chargers

\$30: Lost, stolen or physically damaged

These charges must be paid at the front office before another Chromebook will be issued. Replacement chargers will be available at the office for the charge listed above.

Thank you for your attention to this matter.
