How to Access Digital Resources at Home

McGraw Hill Open Court Foundational Skills (K – 3)

Open Court Foundational Skills is our core program for instruction in foundational literacy skills:

- Alphabetic Knowledge – recognizing and forming letters
- Phonological and Phonemic Awareness – knowing that words are made up of sounds
- Phonics/Decoding – connecting sounds and spellings, then blending them together to read words
- Fluency – reading at a good pace with expression and accuracy
- Morphological Awareness – reading and understanding longer words by breaking them into meaningful parts

McGraw Hill Wonders (K – 5)

The resources in Wonders support the BCPS Elementary English Language Arts curriculum for reading comprehension and written language. The Wonders scope and sequence is used for grammar (K-5) and word work (4-5).

Raz-Plus (K – 5)

All students in grades K – 5 have access to Raz-Plus. Raz-Plus provides over 4,000 books and reading resources in an online format. Students engage in both personalized reading practice and self-selected independent reading. Students can read, listen, and/or take quizzes for both fiction and nonfiction books, graphic and humor books, poems and songs, early readers such as alphabet and decodable books, and more! Many texts are available in Spanish, French, British English, Polish, Ukrainian, and Vietnamese as well.

Parents and guardians can use the Parent Portal to see recent activity, monitor progress, and send messages.

Parents must register. Log into Kids A – Z as your child to request access. Click the “Parents” link at the top right of the page and follow the instructions to provide an email address. Your child’s teacher will need to approve the email address before you can see your child’s information.
