International Baccalaureate Middle Years Programme (IB MYP)

As part of the internationally recognized IB Middle Years Programme, students engage in an interdisciplinary global framework across all content areas to become more active, internationally minded learners. The IB framework empowers students to explore a wide range of local, national and global issues, enhancing their ability to be creative, critical and reflective thinkers. An integral part of an IB education is the acquisition of a second language and service to the local and global community.
