Baltimore County Public Schools and the MYIPAS Study have identified three high schools in the Southeast Area to address overcrowding, facility conditions, and educational adequacy.

This study has been undertaken to determine possible solutions to relieve this issue and enhance the learning environment for the students, teachers and staff.
Recommendations

Address high school capacity shortage, starting with quick-launch addition projects.

**Critical Additions**

- Dundalk Addition - 650 seats
- Towson Addition/Renovation - 500 seats, new kitchen/cafeteria
- Loch Raven Addition/Renovation - 200 seats (relieve Parkville)
- Patapsco Addition - 250 seats

- Attendance Boundary Redistricting (possibly with grandfathering)
**Recommendations**

  1. New Sparrows Point Middle School - acquire land, new 750 seat middle school.
  2. Sparrows Point HS Renovation
This study will be conducted in two parts:

• First, document the existing conditions and constraints at each school. Identify opportunities at each site or nearby sites to solve the problem.

• Second, evaluate the opportunities to determine which ones are viable and identify the pros and cons of each solution with regard to the impact to the students and community.

Strategies for Development Options:

• Utilize the available developable land associated with each school
• Utilize land associated with other schools through redevelopment
• Utilize land owned by Baltimore County
• Purchase and utilize land privately owned
• Seek community input

Development Of The Study Options

The goal is to develop a comprehensive approach to improve the learning environments for the students, faculty, and the community in the Southeast Area.

• Review of the MYIPAS Study to identify the schools that are facing overcrowding, facility challenges, and educational adequacy.
• Review of enrollment records and capacity ratings
• Review of previous community input and comments
• Identifying possible sites for development

The design team has identified six potential options for this study
• The resultant SRC for each school may vary with the development of each option and its impact on the remaining schools in the SE Area
Potential Study Options

Option 1
• Construct a replacement elementary school for Edgemere and Chesapeake Terrace at Edgemere
• Construct a replacement middle school for Sparrows Point at Chesapeake Terrace
• Renovation and additions to Sparrows Point High School
• Construct additions at Patapsco High School

Option 2
• Construct a replacement high school for Sparrows Point at North Point Government Center
• Renovate Sparrows point Middle School
• Construct additions to Patapsco High School

Option 3
